DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Clark Jablon on 06/16/04.

The application has been amended as follows:

Claims 15-28 have been canceled.

In claim 1, line 1 —progressive—has been inserted after “includes a” and before “jackpot”.

2. The following is an examiner's statement of reasons for allowance: The patent to Parra et al. discloses a craps game using three dice. None of the cited references alone or in combination teach the claimed craps game that includes a progressive jackpot wherein three dice are used in at least the come-out roll, and includes the step of “awarding the progressive jackpot to the current players if a roll subsequent to the come-out roll having a first predetermined outcome has a second predetermined outcome”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should
